

BLUETOOTH HEADSET

► User Guide ◀

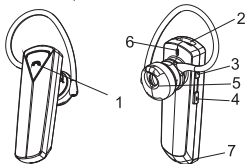

Model NO.:LB-350i

Thank you for purchasing our ultra-thin Bluetooth headset LB-350i. Sleek housing, simple button operation and fashionable design makes it the best choice for you.

Attention: Prior to using the headset for the first time, it is recommended to fully charge the headset.

1. LB-350i Bluetooth Headset Overview

- | | |
|--------------------|------------------|
| 1, MFB | 5, Speaker |
| 2, Charging Socket | 6, LED Indicator |
| 3, Volume + | 7, Microphone |
| 4, Volume - | |

2. Charging Your Headset

The LED will shine in red when charging. Once the battery is fully charged, the red LED will turn off. It takes 2 hours to fully charge the headset.

If paired with iPhone, the battery capacity can be indicated on upper right corner of iPhone.

3. Turn On / Off headset

Press and hold the MFB for 3 seconds till it announce "on/off".

4. Pairing Your Headset

Turn on your Bluetooth headset: In the shutdown status, press the power button for 5 seconds until the LED alternately flashes in red and blue. And you can hear the pairing status announcement afterwards.

Subsequent pairing:

- ① Active Bluetooth function of your mobile phone.
- ② Searching "un-paired devices" till it shows the letters of "LB-350i".
- ③ Please push the "OK" key on your mobile phone, input the pin code of "0000", if it's required by your mobile phone.

Note: If your phone's Bluetooth version is 2.1, it is not necessary to enter the code to pair it. Manually operation is needed for some of the devices though after pairing completed.

5. Multi-point connection

Method 1: Turn off the headset after successfully connected with current mobile phone. Turn on the headset again to pair it with another mobile phone. After successfully connected with another mobile phone, please find the pairing record from the first mobile phone and active the history pairing by mobile phone.

Method 2: Turn off the headset after successfully connected with current mobile phone. Turn on the headset again to pair it with another mobile phone. Disconnect it after successfully connected with another mobile phone. Turn on the headset again to pair it automatically with 2 devices simultaneously.

6. Using your headset

Answering a call:

When a call is coming, press the Answer/Reject button to accept the call or answer the call via your mobile phone.

Ending a call:

While speaking, press the Answer/Reject button once to end the call.

Rejecting a call:

When a call is coming, press the Answer/Reject button once to reject the incoming call.

Voice dialing:

In stand-by mode, press the Answer/Reject button slightly to record voice tag for last call redial.

Last call redialling:

In stand-by mode, press the Answer/Reject button twice to redial the last call, if

your mobile phone is voice dialing featured.

Volume adjusting:

Adjust the volume by pressing the keys of "volume up" & "volume down".

Note: Adjust volume appropriately, too high volume might does harm to your hearing.
