

HF 665 USER GUIDE

Thank you for selecting Bluetooth headset HF 665

HF 665 stereo Bluetooth headset make you have more interaction&entertainment in your own music space, and synchronize your work in hand.at the same time after paired with the compatible mobile.

HF 665 Bluetooth headset is compliant with Bluetooth Version 2.1 +EDR(Enhanced Data Rate)

and is compatible with latest mobile phones supporting Bluetooth headset or hands-free profiles.

Getting Started HF 665

Prior to using the Bluetooth headset, please follow the steps below:

- 1.Ensure your Bluetooth headset is fully charged.
- 2.Pair your charged Bluetooth headset with a Bluetooth-enable mobile phone, prior to using Bluetooth headset for the first time,it is suggested that you fully recharge the battery first.

Charging Your Headset

Rechargeable battery with Micro-USB charging option from AC power supply, PC via USB cable, the indicator will turn red when charging. Usually it needs 2-3h to be fully charged and the red indicator shut down.

Turning on the headset

Press and hold the MFB for 3 seconds until the blue indicator display to turn it on.(Repeat to turn it off)

About pairing function, please refer to "Pairing Your Headset" .

Pairing Your Headset

The headset works with Bluetooth-enable phones, prior to using and pairing your headset for the first time ,please check if your mobile phone is Bluetooth-enable or not.

The headset pairing procedure may vary depending on the setting of your mobile phone.For further information, please contact the manufacture or distributor of your mobile phone.

Pairing Your Headset

1. Place the headset and the mobile phone in 1 meter range where they can be easily viewed.
2. Ensure the headset is turned off.
3. Press and hold the MFB for 5 seconds, blue&red indicator flash alternately, the headset begins to pair.
4. Activate the Bluetooth function on your mobile phone, according to your user guide of your mobile phone.
5. Set the mobile phone to search for Bluetooth devices within one meter and select "HF 665" from the list of devices shown.
6. Enter password "0000" and press "OK" to pair your headset with mobile phone ,when the pairing is completed , the headset enters standby mode.
(Note: If your Bluetooth mobile phone version is V2.1 or above, no need match password when using.)
7. Now you can use your Bluetooth headset to listen to the music and make a call.
8. Some mobile phones ,when they are re-started ,the headset will be connected with the mobile phone automatically.

Connect&Standby

Turn on the headset and click the "MFB" , it will connect the last connected mobile phone automatically if successfully connected and it will enter standby mode.
